

François Maissin

Head of Risk & Operations

Career history

François joined TreeTop Asset Management in November 2004. He heads TreeTop Risk & Operations unit, responsible for monitoring and controlling the risks of the portfolios and the fund administration functions delegated to service providers.

Prior to joining TreeTop, François worked for six years with the Crédit Agricole Group in Luxembourg, successively as a fund accountant, in the middle office of their asset management department and in their fund selection team.
