

Natwar Gupta

Fund Manager

Natwar is the manager of TreeTop Global Special Situations.

His investment philosophy

Over the course of his career, Natwar has developed a deep value, contrarian approach to investing in global equities. The fund seeks to invest in value situations with identifiable triggers, whether they are in stocks, sectors or markets. This non-indexed fund has the ability to hold a high cash level and can use futures to manage market risks.

Career history

Natwar began his career in portfolio management in 1997. Prior to joining TreeTop Asset Management, Natwar was at GAM for nine years, where he worked with Andrew Green, manager of the GAM Global Diversified Fund, an \$8bn hard closed contrarian fund. Natwar has an MBA from the London Business School.
