#### **NOTE 1 - ACCOUNTING PRINCIPLES AND METHODS**

The financial statements of the SICAV are prepared in accordance with the rules in place for undertakings of transferable securities.

### a) Securities portfolio valuation

The value of any security traded or admitted to official quotation is based on the last available price as at 30 June 2023 or, if there are several markets, on the last available price of the main relevant market. The value of any security admitted on another regulated market is based on the last available price, or, if there are several markets, on the last available price on the main relevant market.

The shares / parts of OPC are estimated on base of their last official net asset value available in the day of evaluation (that is the price of quotation if the OPC is quoted or the net asset value communicated by Administrative Agent of the OPC) or unofficial if this one is of more recent date (on base, in this case of net asset value of likely estimated with caution and good faith by the Board of Directors of the SICAV or on base of the other sources such as an information of the Manager of the aforementioned OPC). The value of securities which are not quoted on an official market and whose price is not representative shall be based on the last available market price or, in the absence of a market value, on the probable realisation value estimated according to valuation criteria as determined in good faith by and under the direction of the Board of Directors of the SICAV.

#### b) Net realised gain or loss on investments

The net realised profit or loss on sale of investments is determined on the basis of the average cost of investments sold.

#### c) Conversion of foreign currencies

All assets expressed in currencies other than the Sub-Fund's functional currency are converted into the Sub-Fund's functional currency at the exchange rate prevailing on the closing date in Luxembourg as at 30 June 2023.

#### d) Acquisition cost of the securities in the portfolio

For the securities investment expressed in currencies other than the currency of the concerned Sub-Fund, the acquisition cost is calculated on base of the current exchange rate in the day of the purchase.

#### e) Change in the net unrealised gain and loss

Changes in unrealised profits or losses at the end of the period are accounted for in the "Statement of Operations and Changes in Net Assets".

### f) Change in the securities portfolio

The details of purchases and sales of investments may be obtained freely at the registered office of the SICAV.

### g) Structured products

The SICAV may invest in structured products such as, but not exclusively, synthetic convertible bonds and capital guaranteed notes. In this framework, institutions issue transferable securities ("structured products") representing interests in the underlying assets. The underlying assets of these structured products must represent eligible financial assets or financial indexes and comply with the investment policy and objectives of the Sub-Fund concerned.

### Notes to the financial statements as at 30 June 2023

#### h) Income, expenditure and related provisions

Interests on bonds and call accounts are accounted on a day-to-day basis. Dividends are considered on the date upon which the relevant securities are first listed as «ex-dividend».

#### i) Valuation of forward transactions

Evaluation of the contracts of forward foreign exchanges contracts, spot or contracts of options which are not negotiated on stock exchanges or on other regulated markets amounts to their net value of liquidation determined according to the decision of the Board of Directors, on a basis applied in a coherent way to each products. The value of liquidation of the forward contracts, spot or contracts of options negotiated on stock exchanges or other regulated markets is based on the last available price of these contracts on stock exchanges and regulated markets on which these contracts of options are negotiated by the SICAV. As far as if a contract cannot be liquidated the day at which net assets are estimated, the value of liquidation will be determined by the Board of Directors in a just and reasonable way.

Unrealized capital gains or losses on contracts are estimated on basis of the "forward rates" available on the date of evaluation.
